

GRIP – CLAMP: NEXTECH PRICE LIST

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-01	Apply range: applied in rubber, each kind of line cable, paper, electric appliance component, plastic film push pull force insertion force and destructive experiment. Peak load: 500N Biggest Opening size: 3.5mm, 2.3mm	This is a universal clamp which can be used in all push and pull testing, fixed the objects on both sides.		0.11 kg.	28.00 USD
	AJJ-02	Peak load: 500N Biggest Opening size: 15 mm	Apply range: applied in patch shape and block shape material push pull force insertion force and destructive experiment, such as Bakelite, glass, leather, paper etc.		0.13 kg.	68.00 USD
	AJJ-03	Peak load: 500N Biggest Opening size: 4 mm	Apply range: applied in adhesive tape, PCB etc. Peeling strength experiment.		0.3 kg.	50.00 USD
	AJJ-04	Peak load: 500N Biggest Opening size: 4 mm	Apply range: applied in cotton, paper, woolen, fabric, leather, rubber etc. push pull force insertion force, extend force and destructive experiment.		0.23 kg.	54.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-05	Peak load: 500N Diameter: φ 12mm φ 16mm φ 22mm	Apply range: applied in sponge, foam, glass, stone pressures, and destructive experiment, etc.		0.08 kg.	36.00 USD
	AJJ-06	Peak load: 500N Biggest Opening size: 10 mm	Apply range: applied in rubber each kind of line cable, paper, electric appliance component, plastic film push pull force insertion force and destructive experiment.		0.17 kg.	46.00 USD
	AJJ-07	Peak load: 500N Biggest Opening size: 35 mm	Apply range: applied in patch shape and block shape material push pull force insertion force and destructive experiment, such as Bakelite, glass, leather, paper etc.		0.4 kg.	54.00 USD
	AJJ-08	Peak load: 500N Biggest Opening size: 3.5 mm	Apply range: applied in rubber each kind of line cable, bale, bandage, electric appliance component push pull force insertion force and destructive experiment.		0.07 kg.	28.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-09	Peak load: 500N Biggest Opening size: 5 mm	Apply range: applied in patch shape and block shape material push pull force insertion force and destructive experiment, such as Bakelite, glass, leather, paper etc.		0.36 kg.	93.00 USD
	AJJ-10	Peak load: 500N Diameter: φ 24mm	Apply range: applied in patch shape and block shape material push pull force insertion force and destructive experiment, such as Bakelite, glass, leather, paper etc. Universal clamp.	 	0.02 kg.	16.00 USD
	AJJ-011	Peak load: 500N Biggest Opening size: 2.5 mm	Apply range: applied in rubber each kind of line cable, paper, electric appliance component, plastic film push pull force and destructive experiment.		0.06 kg.	54.00 USD
	AJJ-012	Peak load: 500N Biggest Opening size: 2 mm	The peeling force of Film sticker or paper.		0.03 kg.	100.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-012-2	Opening size: 2 mm	The peeling force of Film sticker.			90.00 USD
	AJJ-013	Peak load: 500N Biggest Opening size: φ 20mm	Mainly used in buttons, toys tensile tests.		0.3 kg.	90.00 USD
	AJJ-014	Peak load: 500N Opening range size: φ 6mm - φ 35mm	Mainly used in buttons, toys tensile tests. Fixed different sizes buttons.		0.28 kg.	90.00 USD
	AJJ-015	Peak load: 500N	Button base clamp used in button tester, Mainly used in buttons ,toys tensile tests		2.0 kg.	200.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-016	Peak load: 500N Biggest Opening size: 37 mm	Mainly used in buttons, toys tensile tests.		0.17 kg.	54.00 USD
	AJJ-017	Peak load: 500N	Mainly used in zipper pulling testing.		0.27 kg.	95.00 USD
	AJJ-018	Peak load: 500N	Clamp special for zipper pulling testing		0.24 kg.	95.00 USD
	AJJ-019	Peak load: 500N Biggest Opening size: 10 mm	Apply range: applied in all kinds of cable, paper, electric components, plastic film of the material such as tensile force, destructive push pull force test.		0.5 kg.	95.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-020	Peak load: 500N Opening size: 8 mm	Apply range: Button tester clamp specially for snap		0.5 kg	70.00 USD
	AJJ-021	Peak load: 500N Opening range size: 1.1mm – 4.6mm	Apply range: Specially for terminal pulling force	 	1.6 kg.	150.00 USD
	AJJ-022	Peak load: 500N Opening size: 40 mm	Used as a push clamp on one end of force gauge to test the push force of trolley handle			28.00 USD
	AJJ-023	Peak load: 1000N Opening size: 40 mm	For big pulling force when the force is reach 1000N			60.00 USD

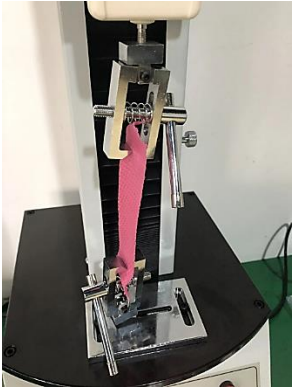

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-024	Peak load: 1000N Opening size: 18mm	This is a universal clamp which can be used in all push and pull testing, fixed the objects on both sides			60.00 USD
	AJJ-025	Peak load: 1000N Opening size: 18mm	Apply range: applied in rubber, each kind of line cable, paper, electric appliance component, plastic film push pull force insertion force and destructive experiment. The same function as AJJ-06		0.5 kg.	60.00 USD
	AJJ-026	Peak load: 1000N	Hook clamp			20.00 USD
	AJJ-027	Wire Rod Clamp			1.5 kg.	146.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-028	Rubber clamp Maximum load: 200 N Screw hole: M6 Dimension: 70 * 36 * 40 (mm)	rubber, adhesive tape, packaging bags, sheets, film, paper, block material, push pull, destructive test			120.00 USD
	AJJ-029	Metal Clamp Maximum load: 500N	Metal Wire pull testing		0.05 kg.	180.00 USD
	AJJ-030	Metal Clamp Maximum load: 1000N-3000N	Metal Wire pull testing		1.66 kg.	295.00 USD
	AJJ-101	Peak load: 15000N	Bolts and screws, standard parts tensile strength test.		1.0 kg.	175.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-102 Big Type	Maximum load: 5000N Material 45#Steel Color can be black of plating	The push force of a wire, such as thin steel wire and ordinary wire		0.46 kg.	80.00 USD
	AJJ-102 Small Type	Maximum load: 500N Material 45#Steel Color can be black of plating	The push force of a wire, such as thin steel wire and ordinary wire		0.09 kg.	46.00 USD
	AJJ- 01-2	Peak load: 500N Biggest Opening Size 3.5mm	Metal Wire pull testing		0.12 kg.	36.00 USD

Image - Type	Model	Description	Usage	Sample Picture	WT	Price
	AJJ-15		Used in O type end terminals pulling force	 	0.57 kg.	
	AJJ-15-5000 Max load 5000N					80.00 USD
	AJJ-15-50000 Max load 50000N					90.00 USD
	AJJ-15-100000 Max load 10000N					120.00 USD
	AJJ-15-150000 Max load 150000N					150.00 USD
	AJJ-15-450000 Max load 450000N					156.00 USD
